

23 March 2020

Re: Mandatory nationwide lockdown -26th March 2020 to 16th April 2020

Dear Customers

As a decisive measure to effectively limit the spread of the coronavirus, the President of South Africa on the 23rd March 2020 announced **a nationwide lockdown for 21 days effective from midnight 26th March 2020 ending midnight 16th April 2020.**

This announcement will require that Astec Industries Africa/Middle East complies unconditionally. Hence our manufacturing facility Osborn Engineered Products SA (Pty) Ltd and its Operations, Manufacturing, Field Service and Stores divisions will be closed during this lockdown period thereby impacting the original delivery dates.

Our sales team will be available via email during this period to provide information to our customers as and when required.

The management of Astec Industries Africa/Middle East (AME) appeals your understanding and support. We wish to assure you that as soon as the lockdown is lifted, AME endeavors to execute all outstanding and future orders within the best practical time frame.

We thank you in advance for your support and understanding during these challenging times.

Wishing you, your families and staff the very best of health and keep safe at all times.

Regards

Vinesh Surajlall
Director – Aggregate and Mining
ASTEC Industries, Africa/Middle East
